INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the bicentennial commemorative edition of the Washington City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Washington's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Washington to the world.

The enviable position occupied by HILL's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Washington City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Washington, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Washington, and the name, official personnel, nature and address of each firm and corporation in the community. A special feature of this section is the listing of telephone numbers.

834414

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper. This publication also contains a Beaufort County Rural Residents Directory printed on white paper immediately following the Numerical Telephone Directory.

Community Publicity

The City Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the City Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Washington and vicinity.

The Washington Out-of-Town City Directory Library

Through the courtesy of the publishers of the Washington City Directory, a Directory Library is maintained in the offices of the Washington Chamber Of Commerce, for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

STATE OF NORTH CAROLINA
GOVERNOR'S OFFICE
RALEIGH 27611

Fellow North Carolinians:

During this Bicentennial era we can proudly look back on our rich heritage and reflect on the sacrifices that our courageous forefathers made to establish a free nation. North Carolina's "First in Freedom" slogan reminds us of the bold men and women of 1776 who challenged the most powerful nation on earth to decide their own destiny and that of their country.

North Carolina was the first colony to instruct its delegates to the Continental Congress to "concur" in independence. North Carolinians suffered through the winter at Valley Forge and fought and bled at such battles as Moore's Creek, King's Mountain, and Guilford Court House. But most importantly, North Carolinians stood for freedom and the protection of rights, as was demonstrated by their refusal to ratify the Federal Constitution until a Bill of Rights was guaranteed.

Today we are still striving to make "First in Freedom" a reality in North Carolina and in the nation. The community spirit of '76, exemplified in our Bicentennial, offers us a unique opportunity to commemorate our past accomplishments while building for a better future. It is a proud and vital legacy we perpetuate, and a duty we dare not shirk.

Sincerely,

James E. Holshouser, Jr.

STORY OF THE CITY OF WASHINGTON, N. C.

The City Today

The original Washington was founded on the 337 acres granted to Christopher Dudley in 1726. In 1771 James Bonner, then owner of the land, founded a town called "Forks of the Tar River," which by 1776 was known as Washington, the first town in the United States so named.

Washington was incorporated by the General Assembly at Hillsboro in 1728. In 1784 the assembly established a trading post at Washington "for the speedy decision of mercantile transactions with foreigners and transient persons."

THE HISTORIC BEAUFORT COUNTY COURTHOUSE

THE NEW BEAUFORT COUNTY COURTHOUSE

Washington is in the western part of Beaufort County in the east-central portion of the Coastal Plains section of North Carolina. Located on navigable Tar and Pamlico Rivers, it is 135 miles south of Norfolk, Virginia, and 105 miles east of Raleigh, North Carolina. It is on U. S. Highways 17 and 264, and on three state highways and two railroads.

Beaufort County has 290,816 acres of farmland averaging 40 acres per farm, with 3,000 farms, 2,863 of which are commercial farms. Main agricultural products are tobacco, cotton, corn, soy beans, potatoes, livestock, oats, peanuts and lespedeza.

Existing industries consist of a yarn spinning plant, a shirt manufacturing plant, a dressmaking plant, grain elevators, lumber and planing mills, mattreee manufacturing plants, a furniture plant, a manufacturer of automobile truck bodies, boat builders, electrical appliances, phosphate, soft drinks, meat processors and filters and valves. These industries draw on raw materials available locally and in surrounding area. The Washington Tobacco Market serves a wide area. There are 61 industries in the county employing 13,500 workers.

Service Institutions

Washington has an unlimited supply of electric power, furnished by the City of Washington Utilities Commission. Washington's Jordan water filtration plant, among the most modern in the state, filters 2,750,000 gallons per day, and the average daily usage is 2,000,000 gallons. The sewage disposal plant has clarifiers sufficient to handle double the present requirements, with capacity of $2\frac{1}{2}$ million gallons per day to serve up to 48,000 population. The extensive facilities of the Tidewater Natural Gas Company provide gas to customers on existing city mains. Several local bottled gas companies render service within the community at reasonable rates. Natural gas is available.

The city is served by two railroads, Southern Railway Company and the Seaboard Coast Line Railroad Co. Both rail terminals are located near the center of the town. Washington is served by two bus lines at the Union Bus Terminal, and numerous national trucking lines. Bay boats and barges provide cheap transportation for bulky cargoes on the Pamlico River with its 12-foot channel connecting the city directly with the Inland Waterway 30 miles east of the City.

The nearest commercial airport is at New Bern, 35 miles south. Washington's airport is used by private land and sea planes. The local airport is Government-built and has concrete runways 150 feet wide and 14,000 feet long. Flying charter service is available.

Washington's educational facilities consist of 5 elementary and two junior-senior high schools with 4,294 students. 1 private school. Nearby colleges are East Carolina University at Greenville, Atlantic Christian College at Wilson and Chowan Junior College at Murfreesboro.

New homes and residential developments constantly add to the beauty of Washington's residential areas. The people are naturally friendly and hospitable, which adds to the charm of this historic city. Its natural advantages of being near the water attract people to Washington for the numerous water sports, and the hotels, motels and tourist homes cater to the fisherman, hunter, water skiing enthusiast, yachtman and all interested in the advantages which the big Pamlico River has to offer.

Industrial Situation

Living conditions in Washington are good, and available industrial labor in the city and county is already housed. Labor relations are particularly good in industrial establishments, and there is an adequate supply of available labor in the area.

Financial Situation

The city council awards contracts to the lowest bidder. The city has never faltered in payment of any bond or obligation, and is in a sound financial condition. The city is constantly expanding its water and sewer facilities to meet the growth and expansion of the city. Any developments or expansions in the immediate future will be done from current revenue rather than bond issues.

PHOSPHATE MINING IN BEAUFORT COUNTY

Retail Trade

Washington is a retail and wholesale trading center. The retail area covers a radius of around 50 miles, serving a population of 300,000. The wholesale area has a radius of around 100 miles and covers a population of 1,000,000. Almost every type of retail store will be found in Washington's modern shopping section, and it is the natural hub of market activities for six surrounding counties. The Washington Daily News, published each afternoon except Sunday, has an average daily circulation of 9,000. The retail trade area handles the highest quality merchandise.

Wholesale Trade

Among leading wholesale dealers here, are those dealing with clothing and hardware, food and soft drinks.

Civics and Welfare

Washington is currently served by one new hospital with 176 beds. The new Beaufort County Hospital, is entirely air conditioned. There are three clinics in the city. City and county health departments have active programs. Amusements consist of a modern motion-picture theatre, a drive-in theatre, a city-owned recreation center, a public air conditioned library with 20,000 volumes, public parks, two full time radio stations and a locally-owned NBC TV station. CBS Television is received strongly from a station 20 miles away.

The Washington Yacht and Country Club has an excellent 18-hole golf course and yacht basin with docking facilities. There are public tennis courts. Swimming and fishing are excellent in the Pamlico River and the country club has a swimming pool of the finest and most modern construction. Boating, sailing and hunting are excellent in and near Washington. The nearest beach on the Atlantic Ocean is 70 miles away.

The Chamber Of Commerce sponsors special events throughout the year.

Advantages and Claims

The advantages of Washington as a recreation center are unexcelled, due to its water sports facilities and its proximity to the Atlantic Ocean. Industry seeking sites for expansion will find Washington an excellent location due to its modern facilities, available sites, modern climate, good labor relations and high quality of labor supply.

City As A Service Center

The Washington Chamber of Commerce, 138 S. Market St., P. O. Box 665, Telephone 946-2531, is prepared to give complete information on any phase of Washington's facilities to interested parties.

Redevelopment and Housing

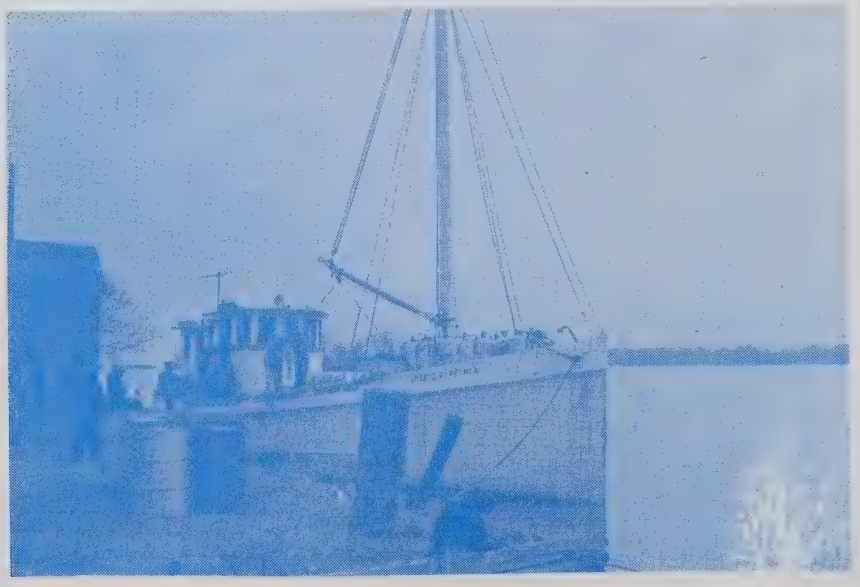
In June 1961 the City Council appointed the Redevelopment Commission and the Washington Housing Authority to plan to eleminate slums and blighting conditions in the City and to provide low rental public housing for people who could not afford decent homes. Washington now has 16% public housing.

Survey and Planning Funds for the East End Urban Renewal Area were approved in November 1962. This area comprises 417 acres, which is approximately 1/3 of the City of Washington.

According to the plan the structures in the area that cannot be rehabilitated will be removed and the rest of the structures will be rehabilitated and brought up to standard.

Some land will be made into parks and recreation areas and to give local schools much needed additional land area.

The Downtown-Waterfront Urban Renewal Area Project was approved in August 1963 and comprises approximately 70 acres, and includes the central business district of the City.



WASHINGTON WAS ONCE A THRIVING RIVER PORT

TIDELAND MENTAL HEALTH CENTER

The realization of the redevelopment of the Downtown-Waterfront Urban Renewal Area on the basis of a shopping center can make Washington the East North Carolina Shopping Center.

One hundred and sixty five units of Public Housing have been completed.

The Goal of the Commissions is to eleminate slums and blighting conditions in the City of Washington.

WASHINGTON, NORTH CAROLINA SALUTES THE FIRST 200 YEARS

"Pride in the Past-Faith in the Future"

By ANN HAYWOOD TYNDALL

The antiqued sign at the foot of the Pamlico River Bridge carries the legend, The Original Washington Welcome, preparing visitors for a first glance at the colonial town whose 200th birthday coincides with the 1976 Bicentennial celebration soon to get underway throughout the country.

The first town in the new nation to be named in honor of then General George Washington, this Pamlico River community and later county seat for historic Beaufort County, has witnessed many important events during its 200 years of existence.

HISTORICAL GLIMPSES

Beaufort County lays claim to the oldest incorporated town in the state. Bath, North Carolina, founded in 1701, served as the first colonial capital and was also the scene of "shady dealings" between Royal Governor Charles Eden and the infamous pirate Blackbeard, during the early

days of the 18th century.

Commerce played a major part in the development of Washington as a primary trading center with access to the coast. For a brief period of time this flourishing tar, timber and tobacco based economy was brought to a standstill while Union Troops first occupied and then burned Washington in 1863, during the Civil War.

With the dawning of the 20th century, Washington moved gradually into the stream of industrial progress, all the while retaining the rural overtones of a slower-paced existence, established by the county's original colonial inhabitants.

The Original Washington and Beaufort County, steeped in 200 years of history and tradition, began planning for the Bicentennial year in 1970 with the creation of an official 10 member Bicentennial Commission.

Initial activities of the Commission included the selecting of an appropriate theme--"Pride in the Past--Faith in the Future"--and the adoption of an emblem incorporating the Washington Coat of Arms with the motto.

Now six years later, featured events for the Bicentennial year will encompass the City of Washington, as well as Beaufort County at large. The Washington-Beaufort County Bicentennial Commission is spearheading 1976 celebration activities.

CHURCHES LEAD THE WAY

Washingtonians and county residents will usher in the Bicentennial year with a twelve month celebration of themes which address all areas of life.

January will appropriately recognize the religious framework which shapes and colors our lives as individuals and as a nation.

Entitled Churches Lead the Way, the month-long observance will get underway with a countywide worship service on January 4, in Washington High School.

Two well-known gentlemen, Dr. Loren Young and Bill Bugg, will lend their considerable talents to the initial Bicentennial event. Atlanta-based speaker and consultant, Dr. Young will deliver a Bicentennial sermon following a thirty minute Bicentennial program, served up in song and story form and flavored with bits of patriotism, presented by Bugg.

The momentum certain to be generated by this first Sunday worship service, will be maintained throughout the month with the scheduling of three additional Sunday evening happenings.

Premiering Sunday, January 11, is the film, "In God We Trust", a Bicentennial presentation which has already been nominated for a Freedoms Foundation Award.

County Senior High students will present "Sounds of America." The musical event will be featured on Sunday, January 18.

Concluding the monthly observance and providing a fitting entrance into the Bicentennial year will be the sponsoring of a workshop on "Our Role in Christian Citizenship", on the final Sunday in January. The program will feature nationally known speakers.

Special plans call for the erection of a Prayer Chapel on U. S. Highway 17 and a walking tour of Washington's churches.

CELEBRITIES MONTH

February, Celebrities Month, will salute famous Washingtonians, living and deceased, as well as representatives from the Mother Country--hopefully in the persons of the present Duke of Beaufort and the Mayor of Bath, England. Descendants of George Washington have been invited to participate in the 200th birthday celebration of the first town to be named in honor of General Washington.

Late in February, members or decendants of historically prominent Washington families and noted artists, politicians, authors, actors and musicians; having ties in Washington and Beaufort County; will gather together for a formal banquet and dance on the eve of George Washington's birthday observance.

A Miss Bicentennial Pageant, sponsored by the Washington Jaycees, will cap the monthly festivities. The young lady, chosen during the pageant, will reign as Queen over continuous activities throughout the year.

ARTS APPRECIATION MONTH

Billed as Arts Appreciation Month, March will offer to 'Bicentennial browsers' a wealth of cultural activities, ranging from an appropriate oral rendition by the Carolina Play Readers to the premiere presentation of a drama created and staged by a Washington citizen.

Falling somewhere in between will be events designed to appeal to all cultural appetites; including an Antique Fair, Jazz Concert, Barber Shop Quartet presentations and an Art Show.

BEAUTIFY FOR FUN AND PROGRESS

Reflecting the increasing emphasis on ecology and a growing appreciation for the natural resources of our nation, April's Bicentennial observance will carry out the theme, Beautify for Fun and Progress. A combination Nature Trail and Fragrance and Texture Garden is now being constructed and laid out on several acres of land located within the city limits.

Featured in the miniature garden will be varieties of flowering shrubs, plant specimens, native Carolina trees, differently-hued tulips and a rose garden, complete with benches.

The garden is being planned with an eye toward appealing to all segments of the public and as a future tourist site.

Construction of the trail and the layout and planting of the trees and shrubs will involve members of local garden and senior citizen clubs and city department personnel.

OUR WATERWAYS

During the month of May, Washingtonians will pay special tribute to Our Waterways, pausing to take note of the major role the Pamlico River and Sound have played in the formative years of the town prospering on its banks.

The Bicentennial California Fleet, Inc. will launch two vessels from their permanent berths at Fisherman's Village, Marina Del Rey, California, in May.

The Schooners Perseus and Prince Louis will join other sailing vessels from ports throughout the world to take part in Operation Sail. Following a July 4, 1976 rendezvous in New York Harbor and a review of the fleet by President Gerald Ford, certain vessels in the extensive Bicentennial fleet will call at ports in each of the original thirteen states.

The Perseus and Prince Louis will depart New York Harbor--destination Washington, North Carolina!

Although the schooners will not drop anchor at Washington until August, the anticipated visit is heralded as an extended feature of the May celebration.

An added attraction, regarding the schooners' visit, is the identity of Perseus' skipper. For John McLean, captain of the sailing vessel, the voyage from California to New York and on to Washington will be a kind of 'round about Homecoming.' Members of the McLean family have lived in Washington for many years.

Upon arrival, both vessels will anchor in the Pamlico River for an extended stay until the passing of the hurricane season in October. Crews of the schooners will participate in Bicentennial activities during their Washington layover.

Built in Marstal, Denmark during the early years of the 20th century, Perseus and Prince Louis are three masted topsail schooners with 12 and 10 sails, respectively. The oaken sailing ships have been restored as models of vessels which "our forefathers used to construct the new fleet of vessels which made a 'new world' America strong."

Activities scheduled in May will involve a countywide fishing tournament, a Sunfish Regatta forming along Washington's scenic riverfront parkway and the rendezvous on the Pamlico River of Tar Heels Afloat, an organization of power boat operators.

Continuous boating displays, a visit by a Coast Guard Cutter, and sailing and power boat regattas will mark the month long salute to Washington's waterways.

Lending a note of historical interest to May's calendar of aquatic events will be the presence of a Skipjack at the dock in Washington. The representative of similar vessels which once docked here will be open to the public and available for making excursions along the Pamlico and Tar Rivers. Skipjacks are now used for oystering in Chesapeake Bay.

Bath, the oldest incorporated town in North Carolina, will be the scene of a rendezvous by yachts participating in a regatta from Washington, a scant 14 miles down river as the fish swims.

Climaxing the water-based events will be the presentation of water shows and an historical display of artifacts recovered from the rivers.

FUN IN THE SUN

Aptly named Fun in the Sun, the 1976 Bicentennial Summer Festival will get underway in early June and will run for two fun-packed weeks--replete with activities designed to appeal to all ages.

The Bicentennial Arts and Crafts Show will highlight the Festival and the 'Spirit of 76' will find expression in the planned events, as well as in the attitudes of the merrymakers.

Air Shows and historical displays of recreational equipment will serve entertainment and educational needs simultaneously.

A well-known personality will reign over the Summer Festival activities.

HERITAGE MONTH

Heritage Month will be the central theme in July as Washington and

the nation celebrate 200 years of freedom and growth and rededicate themselves toward the attainment of new goals in the coming centuries.

Belhaven, North Carolina, a Pungo River community in Beaufort County, will celebrate its annual July 4th salute with a 'bigger than ever' 1976 observance. Floats, parades and historical displays will mark the 200th birthday celebration of the nation.

During July, promotional activities for the 'hot off the press' editions of the Bicentennial history--"Washington and the Pamlico"--will be at peak.

The volume, a handed-down and compiled recollection of Washington and Beaufort County history from 1696 to 1976, was written by city and county residents. The personalized record of local history was commissioned by the Heritage Committee of the Bicentennial Commission.

OUR YOUTH AND OUR FUTURE

Saluting Our Youth and Our Future, August activities will revolve around the Little Tar Heel League State Tournament, scheduled for the first week in the month.

One hundred and fifty little leaguers will participate in the statewide athletic event which is expected to draw approximately 25,000 people, including 1500 from thirteen states.

Tournament-related happenings will involve a parade, featuring appearances by some of the 1942 St. Louis Cardinals team members. State and local dignitaries will be on hand for the festivities.

Close on the heels of the Little League competition will be the Babe Ruth State Tournament, opening the second week in August. Capping the athletic action will be the Mitchell-Kemper Tennis Tournament and a Boy Scout Jamboree.

The long anticipated arrival of the Schooners Perseus and Prince Louis, members of the Bicentennial Fleet, will coincide with the sporting events.

SALUTE TO THE MILITARY

An action packed-agenda is in the offing for September's Salute to the Military, with members of the Marine Corps, Army, Navy, Air Force and National Guard, participating in parades on the second and fourth weekends.

Dramatic air and sea rescue demonstrations and fly-over formations will be held at different locations in the county. Parachutists will exhibit the newest techniques in simulated aerial drops, also scheduled to occur during the month.

Military bands and concerts will provide a musical reminder of 200 years of fine military tradition, featuring martial tunes from the 18th, 19th and 20th centuries.

Providing an effective military setting for the monthly observance will be the arrangement of equipment and armed forces recruiting displays, throughout the city.

Washington's riverfront drive will be lined with a small display fleet of naval vessels and landing craft in assorted shapes and sizes.

An anticipated event will be the Armed Services Bicentennial Band and Chorus, to be presented in concert later in November.

September 27, 1976 will witness the dedication of a newly constructed

National Guard Armory, located on Washington's north periphery. A formal Military Ball, held in the new facility and attended by armed forces officers, their wives and high-ranking dignitaries, will conclude the day and climax September's toast to the military.

HARVEST FESTIVAL

Harvest Festival in October will center around the opening of a traditional Farmers' Market, complete with saleable farm products, baked goods, handcrafts and flowers. A traditional Harvest Ball and five county Picnic Day--done up in laden picnic hamper and red gingham tablecloths style--will reflect the rural lifestyle of the 19th-century.

On specially designated Farmers' Family Day, recognition will be given to a representative farmer in each category of farming.

INDUSTRIAL DEVELOPMENT

November activities will center on the theme, Industrial Development, with an extensive Fair capturing the spotlight as the main attraction. Past and present will combine in exhibits depicting historical community jobs, juxtaposed with their 20th century industrial counterparts.

HAPPY BIRTHDAY AND GROWING

Closing out the Bicentennial year on a birthday note, December's theme--Happy Birthday and Growing--will end the yearlong salute to 200 years of growth in freedom and prosperity and will pave the way toward new horizons for both Washington, North Carolina and the United States of America.

Glittering Anniversary Costume Balls, occuring simultaneously throughout Beaufort County, will climax the 1976 Bicentennial celebration.

Fireworks displays on New Year's Eve will furnish a fiery welcome to 1977, ending the Bicentennial era and igniting a new and brilliant beginning for our "third 100 years."

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

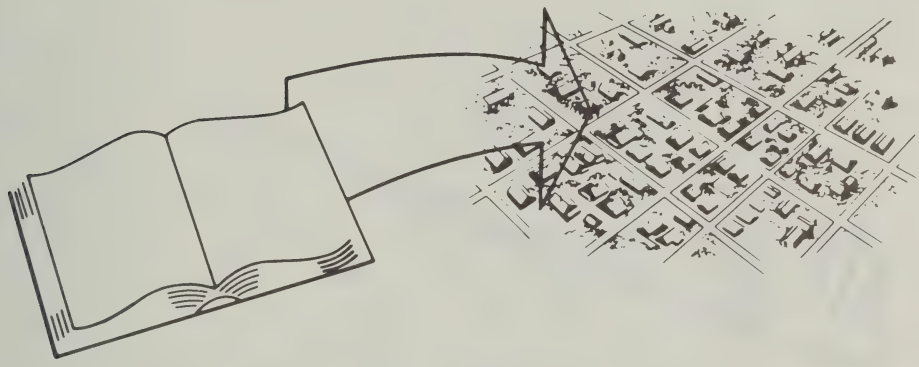
USE YOUR STREET DIRECTORY FOR ...



— *The Most Comprehensive List of Occupants By Addresses*

- BY NEIGHBORHOOD, AREA, SECTION OF CITY
- BY NEW "MOVE INS" ON EACH STREET
- BY PROPERTY OWNERSHIP
- APARTMENT OR OFFICE BUILDING OCCUPANTS
- ZIP CODES

— *Neighbors Of Your Present Customers...*

Identifies friends, neighbors of present customers
Permits mail, telephone or personal contact of prospects
Identifies home businesses or professions
Identifies prospects not in telephone book
Identifies householders
Reveals new families in your area
Shows renters on each street

— *Identification - Collections - "Skip" Tracing*

Verifies home ownership and other information concerning applicants
Lists all occupants of apartment and office buildings
Shows telephones of neighbors of "skip" for obtaining new address or information
Shows nearby businesses who may know applicant or "skip"

— *Deliveries And Service Calls...* AVOID DELAYS -- SAVE TIME AND DOLLARS

Verifies addresses
Locates nonexistent or illegibly written house numbers and streets
Shows location of intersecting streets
Shows apartment numbers and occupants of each apartment
Permits verification of telephone orders and defeats "prank" calls

— *Emergency Use...* CLOSEST NEIGHBOR...NEAREST PHONE

Especially helpful to law enforcement agencies, public service organizations, members of the medical profession, schools, hospitals and others where immediate contact is frequently necessary to save lives, prevent crime, apprehend criminals and in many other emergency situations.

NUMERICAL TELEPHONE DIRECTORY
BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

CAUTION . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.
